TERESA CALDERÓN & MERSUKA DOPAZO

Viven gran parte de su vida en Asia, es allí donde estas dos artista polifacéticas fusionan sus diferentes lenguajes artísticos en un mismo lienzo. Influenciadas por su cultura, color, fuerza y su apasionante caos armónico,...plasman en sus obras la máxima expresión de la belleza...!!

Buscadoras de momentos ...exponiendo entre dos mundos contradictorios Oriente y Occidente...expresan sus emociones..entregadas al lienzo artístico de su vida!!

They live most of their lives in Asia. It is there where these two multifaceted artists join their different artistic languages in the same painting. They are influenced by their culture, strength, and passionate harmonic chaos...showing in their works of art the supreme expression of the female...!!

They are dreamers...existing between two controversial worlds : East and West....they express their emotions throwing themselves into the art of life!!

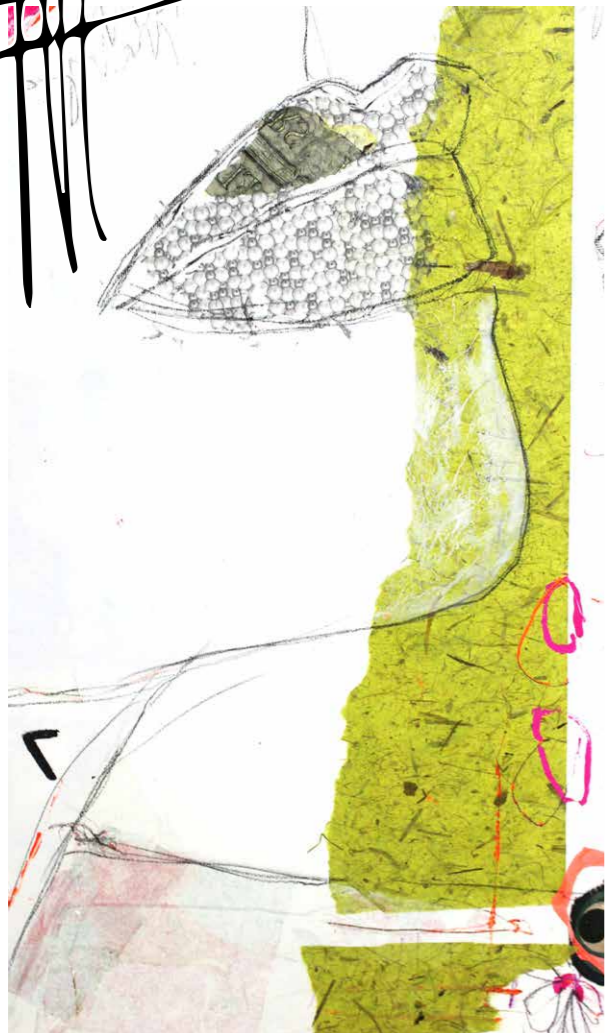

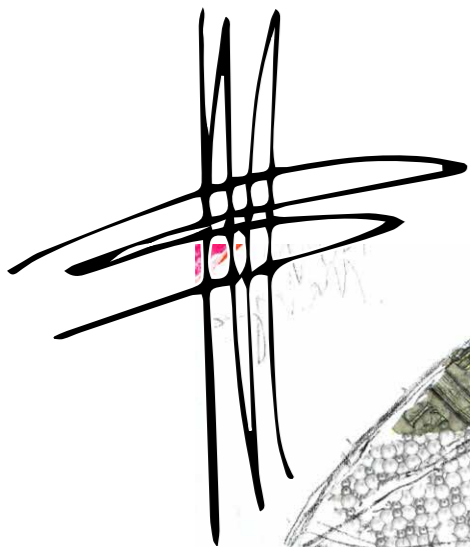

Result of an unexpected encounter,
Fascinating and..... Longlasting

Entendimos... que podíamos decir cosas con los colores que no podíamos decir de otra manera...cosas para las que no teníamos palabras...y expresamos todos los sentimientos de los que fuimos concientes!! G.K.M.V.

We understood...that we could say things with colours that we couldn't say in another way....things that we couldn't explain with words and we show everything that we feel and that we're conscious of!! G.K.M.V.
