Mersuka Dopazo y Teresa Calderón ven sus obras como un “diario de viaje desde un territorio inesperado”.

La obra de estas artistas se caracteriza por el uso del color y por su original técnica mixta, donde mezclan diferentes texturas como tejidos y papeles naturales hechos a mano, que obtienen directamente de los artesanos que descubren en sus viajes.

Buscadoras de momentos, pintan por el mundo, cargadas con lienzos de gran formato experimentando al máximo el lenguaje de lo creativo, creando estampados donde yuxtaponen tejidos y papeles de conexiones inesperadas mezcladas con el color improvisado y la forma libre del trazo... entregadas al lienzo artístico de sus vidas.

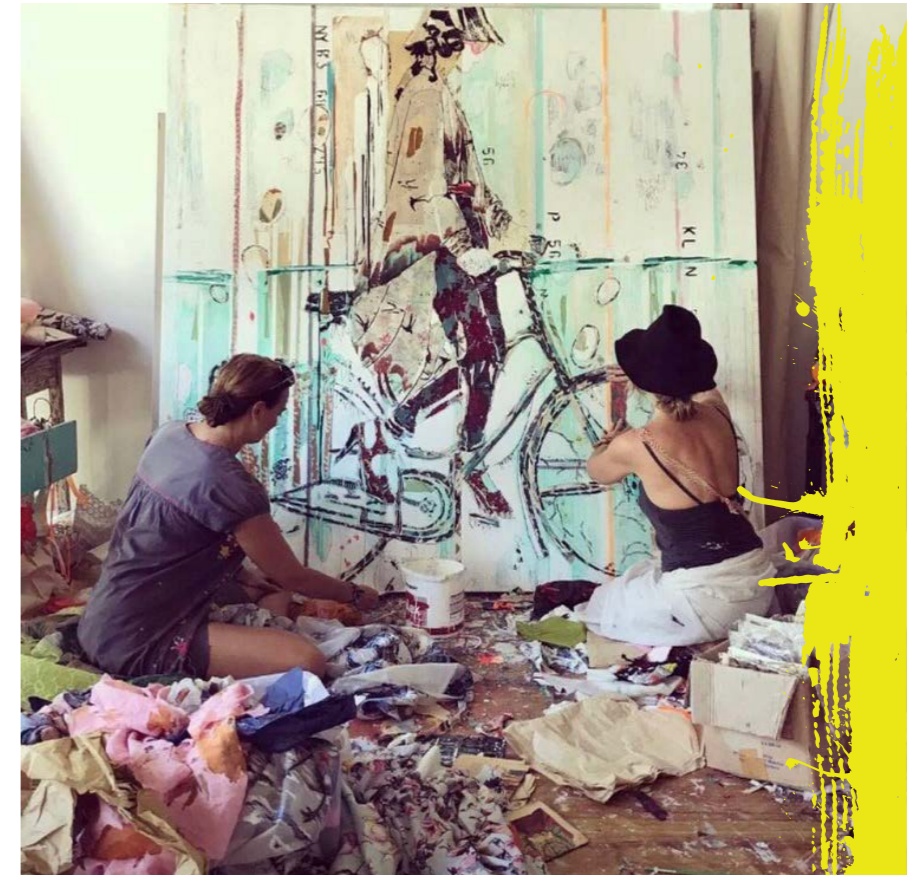

Las obras de Dopazo y Calderón han sido exhibidas extensamente en el Reino Unido, Estados Unidos, Canadá, Singapur, Hong Kong, Australia y Europa.

Mersuka Dopazo and Teresa Calderón sees their works as a ‘travelogue from unexpected territory’.

The Spanish artists create large scale naïve-style mixed media paintings, where they introduce couture fabric and hand-made natural papers. These materials are sourced all over the world directly from the craftman, from locations such as Spain, Italy, Paris and Asia.

Often densley patterned, the papers and fabrics are juxtaposed with gestural line, pigment and areas of gessoed white canvas, the collages exploring the balance of colour and the relationship between positive and negative space. Unexpected connections form between clashing textures and motifs and between the regularity of pattern and the spontaneity of broken graphite and improvised colour.

Dopazo and Calderón’s works have been exhibited extensively in the UK, the USA, Canada, Singapore, Hong Kong, Australia and Europe...

Result of an unexpected encounter,
Fascinating and..... Longlasting

!Entendimos... que podíamos decir cosas con los colores que no podíamos decir de otra manera...cosas para las que no teníamos palabras...y expresamos todos los sentimientos de los que fuimos conscientes! G.K.M.V.

We understood...that we could say things with colours that we couldn't say in another way...things that we couldn't explain with words and we show everything that we feel and that we're conscious of!! G.K.M.V.
